ecommerce@acpro.com
**WHAT’S DIFFERENT**
Meets SCAQMD Ultra Low NOx emission limit of 14 nanograms per joule.
Flame is sealed and cannot be visually observed.
Uses a premix burner for improved NOx emissions.
The RPM of the Constant Torque Blower Motor is at a higher rate than our previous model.
ECM constant torque or ECM variable speed motors
Gas line on 80% can only come out on the left side.

**WHAT’S THE SAME**
Compact cabinet height of 33”.
Configurable in Horizontal or Upflow positions.
Easily removable slide out blower design.
10 year limited parts warranty, lifetime heat exchanger.

**SCAQMD INFORMATION & $500 REBATE**
As of October 1, 2019, condensing and non-condensing home furnaces offered for sale, sold, or installed within the South Coast Air Quality Management District must comply with a NOx emission limit of 14 ng/J.
South Coast AQMD is offering rebates of up to $500 to residents who purchase and install a compliant furnace that meets the South Coast AQMD Rule 1111 NOx emission limit of 14 ng/J.

To view more information on the CLEANair Rebate Program as well as additional resources and the most current list of compliant products from all manufacturers can be found on the rebate program website: [www.cleanairfurnacerebate.com](http://www.cleanairfurnacerebate.com). If you have any further questions regarding Rule 1111 compliance please contact the Area Sources Hotline at 909-396-2390. For all other Rule 1111 related questions contact Shawn Wang at 909.396.3319, or swang@aqmd.gov.

**92% OF FUNDS AVAILABLE AS OF 8/29/19**
The first 6,000 compliant furnaces purchased and installed qualify for up to a $500 rebate. Compliant furnaces purchased and installed thereafter qualify for a rebate of $300 for a condensing furnace and $200 for a non-condensing, weatherized, or mobile home furnace. Rebates will continue until funding is exhausted. Staff is currently working to extend the rebate to new home builders.
INFORMATIONAL WEBINAR

Tuesday, Sept 24
8 or 11 AM

Get a head start in properly transitioning your business to the new required Ultra Low NOx furnace. We’ll provide all the critical info and steps you’ll need to be complete before the SCAQMD ruling goes into effect October 1, 2019. You’ll be able to attend the Webinar training from the comfort of your desk. After registering at acpro.com/cleanair you’ll receive a confirmation email with all the Webinar instructions and details.

What your team will learn:

INSTALLERS
• How to get certification (Branch training and on-demand)
• Testo tool tips (required tool for proper installation)

HOME COMFORT ADVISOR
• $100 off Ultra Low NOx furnace offer
• SCAQMD Rebate program

PURCHASING
• Ultra Low NOx kits - one-click orders furnace + proper install parts
• How to update your Online Order templates (old units need to be replaced w/ Ultra Low NOx).

TECHNICAL TRAINING

GET CERTIFIED TODAY!

You can be certified in 30 minutes!
Our certification program is tailored to fit your busy schedule. We have different options that allow you to get certified on-the-spot at one of our locations or from the comfort of your home or office.

Choose a format that’s convenient for you

On-the-Spot Certification
Are you picking up an order at one of our locations today? Ask about on-the-spot ULN certification. You can be set up for online training within minutes and walk out certified!

On-Demand Certification
No time for in-person training? We got you covered. The on-demand certification is held completely online. You can take the class at your convenience and at your own pace using a computer, tablet, or mobile phone. Register today at acpro.com/train.

Group Certification
Have a group of 20 technicians or more to certify? Ask your territory manager about group certification. Our trainers will arrange a training just for your company.
